

Meets on the third Monday
of the month at 12:00 pm

Virtual Group:

Connected Parenting

This group is designed to offer support to Wisconsin foster, adoptive, kinship, reunified, and guardianship caregivers who may be parenting a child with emotional/behavioral/attachment-related challenges alongside a trauma history. There will be monthly focus areas for discussion and/or guest speakers to support ongoing learning, but always with time for connection and support.

For more information, or to register today, go to
